He discussed Staff concerns about the firing range located near the south of the property. He discussed Staff concerns about the public risk with a firing range in the area, which prompted Staff's denial of the request.

Attorney Hinton read the rules of procedure for the hearing. After which, Chairman Mitchell recognized the following on behalf of the Applicant:

- **Stephen Holmes (Applicant)** - He displayed a map of Moccasin Bend and the results from the Regional Planning Agency's case report. He discussed the benefit of moving the range and impact on the national park and Cameron Harbor Townhomes. He discussed the economic impact of the national park on the City and the safety hazard from having a range in the center of the park. He proposed moving the Chattanooga Sniper and Rifle Training facility near his property so that he could develop his 20-acre property. He also asked the City to move the range so that the park and people living downtown could live worry free without flying projectiles. He asked the City to rezone his property with the restriction that he will not build anything that will attract tourists until the range had been moved.
- **Mickey Robbins (Vice-President, Friends of Moccasin Bend)** - He spoke about Moccasin Bend becoming a national park and the opportunity to increase tourism if that happens. He also reiterated some of the economic opportunities on Moccasin Bend.
- **Kathy Boland (Chattanooga)** - She is a resident of Cameron Harbor Townhomes and asked the Council to consider relocating the firing range for the safety of people like herself living nearby.

Chairman Mitchell confirmed that there were no members of Opposition to this rezoning present today. Councilman Henderson asked Mr. Bridger about placing a condition on the rezoning that would restrict building until the firing range is moved.
