On 08/16/2017 at 17:01 hours, Officer Cleveland, Casey (62709) responded to a Damaged Property Accidental at 846 Oak St. The call originally came out as a traffic collision. After I arrived and had spoken with the involved parties, the following was discovered. The Thomas Bus was parked on the right side of the road waiting for passengers to disembark. The Chattanooga City Public Works truck (brush collector) was attempting to collect the brush that was on the same side of the street on which the bus was parked (and just in front). The Public Works truck operator (Dossett) extended the arm with the claw to collect the brush. As the claw was operated, either the claw or the brush made contact with the passenger side mirror on the Thomas bus and broke the glass part of the mirror. No damage was done to the city truck or otherwise. As neither vehicle was in motion at the time of contact, this cannot qualify as a traffic collision. Therefore a property damage report has been made.
