## **SPECIAL PRESENTATION**

***Domestic Violence Awareness Month Proclamation  
By Councilwoman Carol Berz***

Councilwoman Berz invited representatives from the Family Justice Center, Chattanooga Police Department, Chattanooga Fire Department and their partners to join her at the podium for the presentation. She informed the Council about the observance of the Domestic Violence Awareness Month, the impact of domestic violence on families and the services provided by the Family Justice Center for families. Councilwoman Berz then proclaimed the following:

*Whereas*, the family is the foundation of a safe and healthy community and it is a goal of this mayoral administration for our communities to be safe; and

*Whereas*, domestic violence impacts women, men, and children of every age, background, and belief. Nearly 1 in 4 women and 1 in 7 men in the United States have suffered severe physical violence by an intimate partner. Victims are deprived of their autonomy, liberty, and security, and face tremendous threats to their health and safety; and

Whereas, while physical marks may often be the most obvious signs of harm caused by domestic violence, the true extent of the pain goes much deeper. Victims not only face abuse, but often find themselves left with significant financial insecurity. And children who witness domestic violence often experience lifelong trauma. This year the Family Justice Center and its co-located non-profit partners are beginning a 3-year project to identify the “hidden victims” who are children exposed to domestic violence. Through this project, special trauma-informed outreach and intervention services will be provided to both children and their families; and

Whereas, Everyone has the right to live without harm and without the fear of harm; and

Whereas, the Hamilton County Chattanooga Family Justice Center and their co-located partner organizations: Chattanooga Police Department/Special Victims Unit, the Children’s Advocacy Center of Hamilton County, Second Life Chattanooga, Legal Aid of East Tennessee, Southern Adventist University School of Social Work, the Partnership for Families, Children, & Adults, Helen Ross McNabb Center, TN Department of Child Safety, and McKamey Animal Center seek opportunities to educate the public on the seriousness of interpersonal violence and the prevalence of this epidemic in our lives; and

Whereas, ending domestic violence requires a collaborative effort involving every part of our society and requires our law enforcement and justice system to work together to hold offenders accountable and to protect victims and their children; the Lethality Assessment Project (LAP) is a coordinated community effort between law enforcement and victim advocates to reduce the risk of domestic violence earlier; and

Whereas, during National Domestic Violence Awareness Month, we reaffirm our dedication to forging a community where no one suffers the hurt and hardship that domestic violence causes- and we recommit to doing everything in our power to uphold the basic human right to be free from violence and abuse.

Now Therefore,

I, Andy Berke, Mayor of the City of Chattanooga, do hereby proclaim October 2017 as

## **Domestic Violence Awareness Month**

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City of Chattanooga to be affixed this the 2<sup>nd</sup> Day of October, 2017

**A RESOLUTION APPROVING A SPECIAL EXCEPTIONS PERMIT FOR A RESIDENTIAL PLANNED UNIT DEVELOPMENT FOR PROPERTIES LOCATED IN THE 3200 BLOCK OF HIXSON PIKE AND 2923 BRALY PLACE, SUBJECT TO CERTAIN CONDITIONS.**

Chairman Mitchell asked for special privilege to recognize Dr. Jeffrey Guffer, a resident of Olde Town in North Chattanooga, who wished to speak in opposition to this resolution. Dr. Guffer opposes the entry of the subdivision onto the S-curve. He informed the Council that he had spoken in opposition at the Planning Commission meeting. He informed the Council that his daughter had an accident on the S-curves in 2000 and that there had been eight (8) traffic fatalities on the S-curves from 2000-2007. He discussed the traffic lights, speed cams and gradings that had been done to help increase safety. He also discussed the WMB Engineering traffic study and noted the findings that an entry road in the area would increase accidents by 35-percent. He asked that the Transportation Department re-evaluate the traffic study and consider improvements.

Chairman Mitchell recognized Blythe Bailey, Transportation Administrator, who suggested letting their new engineer examine the matter and re-review the study. Councilwoman Berz asked if it would be premature to vote on this item if further study would be done. Mr. Bailey did not think the vote should be delayed due to the fact that this was a special exception permit request. Bryan Shults returned to the podium to explain the requirements of the special exceptions permit process, which would require further study.

Chairman Mitchell recognized Ethan Collier, the developer, who discussed the plat going through permit processes, the decrease in the number of lots and the decrease in acreage with this new plat. He argued that the PUD is important because it will allow the number of lots and the grading. He responded to Councilwoman Berz’s questions on how the yards will be closer to the right-of-way, and how safety will be ensured through the permit process. Mr. Bailey and Mr. Shults also discussed the plat needing to go before the Planning Commission.

## RECOGNITION OF PERSONS WISHING TO ADDRESS COUNCIL (Non-Agenda Items)

Attorney Hinton read the rules of procedure for persons wishing to address the Council on non-agenda items. After which, Chairman Mitchell recognized the following persons:

- **Juanita (“Dr. J”) Loundman-Clay (Chattanooga)** – She is a domestic violence survivor and worked for one year collecting data for the Mayor’s Council for Women study. She informed the Council that many victims of domestic violence seek assistance from their churches first; however, many churches lack resources regarding domestic violence. She challenged the Council to do three things of the Council: (1) to re-read the Mayor’s document and take it to heart; (2) to contact at least one church in their districts during the month of October to have a conversation about domestic violence awareness; and (3) to

talk to the YFD Administrator about the centers' impact in the community in relation to domestic violence. She also asked the Council to consider the study that showed the economic impact of domestic violence.

- **Rick Carpenter (Chattanooga)** – He informed the Council about speeding in the school zone at East Brainerd Elementary between Igou Gap and Goodwin Road. He believes there is not enough signage and paint markings to designate a school zone. He is concerned with the safety of students, with his own child being among them. He believes there will be an increase in traffic on Igou Gap due to the temporary closure of Morris Hill Road. He asked the Council for more signage and street markings for the school zone.
- **Tiffany Rankin (Chattanooga)** – She is Secretary of the Lincoln Park Neighborhood Association. She received an invitation recently for a meeting in your own neighborhood that she had not been notified about in advance by her Council representative. She feels it was disrespectful to not have been contacted since she is an elected officer in her neighborhood. She asked that her Council representative contact her prior to scheduling meetings in her neighborhood.
- **Tom Slatten (Soddy Daisy)** – He wanted to voice his concerns about cameras that had been removed on the S-curves. He also commented on how the guard rails are being damaged again due to speeding drivers.
