Approximately one hour later, Michael received a phone call from Tammy stating that the car broke down in the area of Bennett Rd and that she needed to go to work and could not wait around until he sent someone to get the car. Michael soon sent out a tow truck to locate the vehicle but was unsuccessful. It did not appear that Tammy was attempting to deprive Michael of the vehicle, but rather there were mechanical issues with the vehicle that caused it to break down. This situation is common with vehicles sold by Red's Auto. Michael did not want to press charges for the stolen vehicle, he simply wanted it reported that the event took place. It is for this reason that the vehicle was not entered into NCIC at this time. There is no suspect information at this time, as it is not known who took the vehicle from where Tammy left it. There is nothing further.
