

ITEM 15

CONCRETE PAVEMENT REMOVAL

15.01 SCOPE OF WORK

(a) All pavement, base course, sidewalks, driveways, curbs, gutters, etc., which are constructed of Portland Cement Concrete, designated for removal, shall be disposed of as directed.

(b) Concrete pavement, parking strip, base with or without bituminous overlay, concrete curb and gutter, sidewalks, driveways, etc., which exist within the limits of construction and are not more than one-half foot (.5') below subgrade elevation shall be removed and disposed of.

15.02 METHOD OF MEASUREMENT

Pavement areas of any kind whatsoever, as named above, shall be considered uniform in depth and shall be measured in units of square feet.

15.03 BASIS OF PAYMENT

The accepted quantities of Pavement Removal will be paid for at the contract unit price bid. Said price shall be full compensation for removing and disposing of the designated materials in accordance with the contract.
