Residential Home for Handicapped and/or Aged Persons:

A home represented and held out to the general public as a home which accepts handicapped and/or aged persons for permanent, domiciliary care, and which provides room, board, and personal services (excluding nursing services). This facility may include up to two (2) additional persons (plus their dependents) acting as house parents or guardians, who need not be related to each other or to any of the handicapped or aged persons residing in the facility. The term "handicapped" includes "physically handicapped" persons and "mentally handicapped" and "mentally retarded" persons who have been formally diagnosed by a licensed psychologist with competency in clinical psychology as suffering from psychiatric illness, and is receiving treatment or care for mental illness; but the term "handicapped" does not include persons who are mentally ill, and who, because of such mental illness pose a likelihood of serious harm or who have been convicted of serious criminal conduct related to such mental illness. The term "aged" usually means those persons who are sixty (60) years or older.
