On 06/14/2021 at 20:36 hours, Officer B. Philyaw #989 attempted a traffic stop at 4600 Central Ave. While on routine patrol in the area Police observed a black Toyota sedan (Colorado license plate beginning with [REDACTED]), either a Camry or Corolla, with extremely dark tinted windows traveling in the area. It was apparent to Police the vehicle was making evasive maneuvers to avoid Police interaction. Police observed the vehicle run through the stop sign at W 42nd St/ Hooker Rd before hitting Hooker Rd to Central Ave. Police attempted to initiate a traffic stop but were unsuccessful in doing so. The vehicle evaded the stop, passing southbound traffic in the northbound lane on two occasions to do so. Police disengaged and BOLO'ed the vehicle to neighboring Georgia counties. From my experience, vehicles that evade Police interaction in such a dangerous manner and have obviously home installed dark window tint are typically used for nefarious activity elsewhere in the city. We found the 2 cars, 1 truck, 1 jet ski, 1 boat, and the awning above all the vehicles all had been damaged. The boat was where the primary fire started and the other vehicles never caught on fire, they were damaged from the heat of the fire. Captain Moore estimated the damage value of everything to be approximately \$20,000. CPT Moore noted that one of two batteries on the boat could have accidentally ignited the fire.

I had dispatch try to contact the owner of the business and they were able to get in touch with a responsible who was en route. Marc Morrison was the responsible who showed up and he stated that he had left about an hour or so before dispatch called him.
