Ms. Burson stated that her vehicle is now making a thumping noise after hitting the pot-hole. Due to this just occurring the damage is unknown. I responded to the incident location and observed a deep pot-hole, around 3-6 inches deep. The pot-hole is located just off Hwy 153 Nb, but the Hamilton County property map shows that the pot-hole is within the state right of way. I observed a highway right of way marker near the Walgreen's at Helena Dr. that appears to be accurately located on the same property line right of way indicated on the online map. The parking lot area is owned by Northtowne Center Investors LLC. Their address is listed as 3265 Meridian Pkwy STE 130, Weston, FL 33331. The property map lines appears to show that the pot-hole is before the private property starts, however I cannot determine by the property map alone as to who is responsible for maintaining the area the pot-hole is in. Pictures of the area and property map with a green pin indicating pot-hole location are included in this report.
